

War Between China and Japan To Avenge Death of Subjects

By Associated Press.
TOKIO, Sept. 5.—Public feeling is at fever heat because a number of Japanese subjects were killed in the recent fighting between government troops and rebels at Nanking. Some newspapers demand military action, and urge occupation of the Chinese seaport until a repatriation is made.
Premier Yamamoto prepared a report today for the emperor which is expected to decide what action Japan will take. Detachments from Japanese warships on the China coast have been hurried to Nanking. Deliberate massacre is charged.

FAMOUS JACK'S VALLEY MINE TAKEN OVER BY BIG INTERESTS

Late yesterday final arrangements were made by Attorney Sanford in the closing of the deal which transfers the now almost famous Bigot Brothers' copper property in Jack's Valley to Mr. Salisbury, a representative of large eastern moneyed men, says the Carson Appeal.

The price to be paid is \$300,000 and full payment required by the compact before a pound of ore is taken away from the property and the final transfer depends upon the performance of a tremendous amount of work, the installation of an immense reduction plant and the expenditure of many thousands of dollars.

The people who have taken over the property intend working it upon an original basis for this kind of mining. They have a new patented process for reducing copper ores and plants are already working under it which are proving a success, having 95 per cent of the value.

The agreement demands that work upon the property must begin within thirty days and within a period of eight months a reduction plant must have been completed and ready for work.

Mr. Salisbury, in his capacity as representative for the financiers, behind the deal, has also bonded for

JAPANESE ASSASSINS BAFFLED

CRIME TRACED TO FEELING ENGENDERED BY CALIFORNIA LAND LAWS.

(By Associated Press.)
TOKIO, Sept. 5.—Moriataro Abe, director of the political bureau of the Japanese foreign office, was stabbed in the abdomen by two young men today while walking homeward. It is believed he will recover.

The crime is attributed to political excitement growing out of recent attacks on the foreign office, and Abe with regard to California land ownership legislation. The assassins escaped.

VENTILATION SYSTEM TESTED AT THE NEW HIGH SCHOOL

The W. Morgan system of ventilation was tested at the new Tonopah high school Monday afternoon and gave complete satisfaction. This is conceded to be the best system known for public buildings as it has a capacity for changing the atmosphere eight times every hour by removing vitiated air. The manufacturers say there is not the slightest chance for the accumulation of foul air either in summer or winter.

TEMPERATURE REPORT.

Highest temperature yesterday, 80; a year ago, 53.
Lowest temperature last night, 60; a year ago, 44.

Suffragettes Fire a Famous School

By Associated Press.
LONDON, Sept. 5.—Dulwich college, a famous school in the southern suburb, costing \$500,000, was fired in two places today.
Suffragette literature was pinned on nearby trees with women's hats. The fire extinguished before serious damage was done.

GHOULS GATHER AT WRECK TO ROB THE DEAD

MORE SENSATIONAL EVIDENCE
IN INQUEST OVER VICTIMS
OF ACCIDENT.

(By Associated Press.)
NEW HAVEN, Sept. 5.—Wholesale robberies of the bodies of the victims killed in the railroad wreck Tuesday are charged today in the report of Coroner Mix to the chief of police, requesting the arrest of culprits.

Testimony in the investigation by the interstate commerce commission was to the effect that engineers of the New Haven road frequently pass danger signals of the banjo type in foggy weather.

It was testified that the White Mountain Express which struck the Bar Harbor express almost collided with the same train one hour before the accident.

MERCURY FOUND EVERYWHERE IN THIS SECTION

IMPROVEMENTS BEING MADE TO
INCREASE OUTPUT OF QUICK-
SILVER MINES.

Louie H. Pohle, superintendent for the Mercury Mines company at Lone passed through Austin Tuesday on a business trip to Winnemucca. Mr. Pohle says the company is shipping regularly thirty flasks of quicksilver a week and that development operations in the mine are proving up tonnage in advance on a very satisfactory scale.

Fred L. Davis, also in the quicksilver industry with the Nevada Cinnabar company, which owns ground adjacent to the Mercury, was an arrival from the camp Monday. He is out to expedite shipments of material for use in the construction of the company's furnace. He states that good progress is being made. One of the items of the work that has been completed with conspicuous success is the burning of 450,000 brick. He is satisfied that for quality the brick burned in the kilns on the ground are as good as any made in the west.

All travelers from Lone report heavy rains and washouts on Reese river, resulting in severe damage to the roads—Reese River Revolt.

RAY BAKER GOT A JOB.

It is stated that Ray Baker has been fitted out with a nice little job in Washington by Senator Pittman as messenger on committee on territories at a salary of \$125 per month. Ray always was where the snags grew.

Full Head of Water for Mills Is Running In the City Mains

This morning the mills all resumed work with a full supply of water and after a very short delay caused by a diminished stock. The water company has managed to place two pumps in service and expects to have two more running by tomorrow night.

The water carries scarcely any sediment, owing to the fact that Manager Burnham succeeded in finding a

Thaw Deported By the Court

(By Associated Press.)
COATCOOK, Que., Sept. 5.—Thaw has been ordered deported but a writ by a Montreal judge ordering him brought there prevented action by the lawyers engaged by Jerome to conduct the case for the state of New York.
Removal of the case to Montreal portends a long inquiry which may protract proceedings throughout the autumn. This is said to be the last move of the attorneys having Thaw's case in charge. The attorneys for New York do not think the Montreal writ augurs any interruption of their plans.

JEROME JAILED BY THAW

LUNATIC'S LAWYERS HAVE NEW
YORKER ARRESTED FOR
GAMBLING.

(By Associated Press.)
COATCOOK, Quebec, Sept. 5.—William Travers Jerome, special representative of New York in the Thaw proceedings was arrested today, charged with "common gambling on railroad property" and locked in jail for a few hours and finally released on \$500 bail. The complainant, Milford Aldrich, is a mill hand.

Jerome played penny ante while seated in an automobile with newspaper men yesterday while waiting a decision in the Thaw hearing.

A pro-Thaw outbreak followed the news of the arrest. Crowds around the jail shouted, "Hooray for Thaw; now, we'll deport Jerome."

The maximum punishment is one year's imprisonment without the option of a fine.

The preliminary hearing will probably be held tomorrow when it is expected he will be remanded to await the action of the jury of the king's bench in October.

Thaw's lawyers deny causing the arrest, which is believed to be due to resentment of the town's people over Thaw's arrest.

BULLION SHIPMENTS AFFECTED BY STORM

The Tonopah Mining company sent out its weekly shipment of bullion this morning from Millers amounting to 25 bars valued at \$50,500. This week the company did not ship any concentrates. The average value of ore was \$15 a ton and the mill reported an average of 81 stamps dropping. This low average was due largely to the prevalence of electric storms causing shut downs owing to interrupted current and the intervention of Labor day which caused a loss of two shifts.

This week the West End shipped 25 bars weighing approximately 36,000 ounces valued at \$27,000.

NOVELTY BALL PRIZES
AWARDED AT MI-ERS HALL

At the novelty ball last night held at the Miners Exchange hall five prizes were awarded the following ladies: Mrs. S. F. Wood, Mrs. Paul McGuire, Mrs. C. Kearns, Mrs. Notlin and Miss Irene Haag. The next of these dances will be at the same place Saturday night, September 13.

Crazy Teacher In Germany Kills Thirteen Before Arrest

By Associated Press.
MUELHAUSEN, Germany, Sept. 5.—A crazed teacher named Wagner murdered his wife and four children yesterday. He set four fires here last night and killed eight and wounded ten when they tried to dislodge him from a stable. He exhausted his ammunition and was captured. He will probably die as a result of a beating and stabbing with pitchforks by villagers.
The fact that he had murdered his family was only discovered after the capture when the police went to his apartments.

BALDWIN ESTATE WELL MANAGED IN OPINION OF COURT

EXECUTORS DESERVE FAR MORE
THAN THE AMOUNT THEY
ASKED.

(By Associated Press.)
LOS ANGELES, Sept. 5.—The last legal formality in settling the estate of Luck Baldwin was completed today when the court awarded the executors, Henry Garuh, a brother of Baldwin's first wife, and attorney Bradner Lee fees of \$180,000 each.

When Baldwin died five years ago his land holdings were burdened with a heavy debt, but now are valued at \$350,000.

The court complimented the executors and said if they had not designated their fees he would have awarded \$250,000 each.

CAMINETTI IN HANDS OF JURY THIS AFTERNOON

INSTRUCTIONS WERE IN LINE
WITH THE CHARGE TO
DIGGS JURY.

(By Associated Press.)
SAN FRANCISCO, Sept. 5.—The Caminetti case went to the jury at noon. Then the jury went to luncheon and resumed their deliberations at 2:30.

The judge instructed virtually the same as in the Diggs case. He said the fear impelling the Reno trip was no excuse if the jury believed they took the girls and cohabited with them. The prosecution emphasized that the defense did not deny any material evidence. The defense argued there was no criminal intent.

HUMBOLDT COUNTY WOMAN
TAKES ENTIRE BOND ISSUE

WINNEMUCCA, Sept. 5.—Mrs. L. Abel of Paradise Hill has been awarded the issue of Lovelock high school bonds issued in conformity with an act of the 26th legislature. The issue is for \$20,000 and Mrs. Abel made a flat bid of \$20,450.

ORGANIZATION FORMED
TO PROMOTE PEACE

(By Associated Press.)
THE HAGUE, Sept. 5.—An American Japanese parliamentary union was formed today by delegates representing two nations in the international conference.

GERMANS ORGANIZE
FOR PANAMA FAIR

(By Associated Press.)
BERLIN, Sept. 5.—An organization for furthering a movement to obtain German participation in the San Francisco exposition has opened a central office here.

ESTABLISHING A NORMAL COURSE TO TRAIN YOUNG NEVADA TEACHERS

MISS Anna J. Rieve of Virginia City arrived this morning for the purpose of establishing a normal school in Tonopah. Miss Rieve is a teacher of 25 years experience who began her pedagogical work in Baltimore where she served 18 years in the public schools. Later she was in charge of the Las Vegas, N. M., schools and recently conducted a normal at Ely, going from the copper camp to Virginia City where she gave a normal course of study last year. Owing to the fact that one of the trustees disapproved of the course Superintendent Bray ordered it discontinued and transferred Miss Rieve to the new normal which was arranged for this city at the request of a number of high school graduates who wished to avail themselves of the facility for perfecting themselves at home and to acquire a diploma that would render them eligible for teaching in the public schools.

The normal will open next Monday in the new high school where Superintendent Smith has assigned the room intended for the use of the trustees to the normal class. The state pays the salary of the teacher and the county furnishes the equipment which, in this case, is a negligible factor. Text books also are furnished by the county.

"The normal school is for the purpose of bringing the school to those who cannot go to some central point for study," explained Miss Rieve, this morning. "The outcome of this course of instruction is to provide Nevada teachers for Nevada schools and to do away with the practice of sending to other states for talent to fill vacancies throughout Nevada. The law requires that at least five applicants must take the course of study before a normal is authorized but it has been found that as soon as the scope of the work becomes known the number rapidly increases as the work is appreciated. If a pupil completes the course successfully she is entitled to a first class certificate good for three years. The hours of study will, as far as possible, be the same as those of the other classes that the normal pupils may have the advantage of getting acquainted with the methods of teaching, class organization and discipline."

BANKERS AGREE THAT CURRENCY IS A FAILURE

IF LAW IS PUSHED NATIONAL
BANKS WILL SEEK STATE
CHARTERS.

(By Associated Press.)
WASHINGTON, Sept. 5.—Bankers criticizing the administration currency bill before the senate banking committee predicted today that if the bill passed without the changes they suggest the government will be unable to organize the proposed federal reserve system because the banks would refuse to come in, and national banks would reorganize under state charters.

MINE OWNERS MEET TO DISCUSS TAXES

CONFERENCE WITH TAX COMMISSION
TO SETTLE BASIS
OF TAXATION.

A conference of the directors of the Mine Owners association and the members of the state tax commission has been scheduled for September 9 in Carson City, at which time further details and other matters in connection with the assessment of mining property and the production of the mines will be taken up. It is expected to be one of the most important conferences yet to be held between the members of the tax commission and property owners of the state. Another conference of great importance will be held next month, the exact date yet to be determined, when all the live stock owners of the state will be invited to meet with the commissioners and discuss valuations of live stock.—Carson Appeal.

EAGLES BIG SMOKER
AT ODD FELLOWS HALL

This is the night when the local Eagles spread their wings and flap around for the edification of their friends and invited guests at Odd Fellows hall. An excellent program has been prepared and a general good time will be enjoyed.

GOLDFIELD MANIAC TAKEN
TO THE INSANE ASYLUM

Rasmussen, the man who was taken suddenly insane in Goldfield three weeks ago and ran amuck through the streets, was removed to the state insane asylum this morning. He was in charge of an attendant from Reno.

NEVADA SENDS CHARGES OUT TO CALIFORNIA

AFFECTED ONES ARE TAKEN
CARE OF IN HOMES IN
ADJACENT STATES.

Some light on the manner Nevada cares for its unfortunates who are deaf or blind or feeble minded, was given when Superintendent Bray of the department of education left with seven charges for California in care of Mrs. George Cowling, matron of the orphans' home. Superintendent Bray has charge of the disabled wards of the state and deputized Mrs. Cowling to see them to the journey's end because he was kept busy with state school affairs.

Nevada has seven charges who are at the Institute for the deaf and blind at Berkeley. This is considered one of the best institutions of the kind. It has a tract of 100 acres, bought years ago and valued now at nearly a million dollars because of its beauty and location. A new building there is devoted to industrial work for the boys and girls and is a model in all respects.

Two charges are at the home of the feeble minded at Santa Clara. One man, 45 years old, a miner who was blinded by a blast, is in the home for the blind at Oakland.

The state pays for the education and care of its charges, making a monthly payment and an annual allowance for clothes. Some of the charges are taught so as to be nearly self supporting. The blind learn broom making and other trades. One girl graduated from the school for the blind is now a successful music teacher in San Francisco.

Have you a "silent" musical instrument in your home? Unless it's anchored there by sentiment, let a "for sale" ad in the Bonanza find buyer for it.

Militant Women In Copper Strike

By Associated Press.
CALUMET, Mich., Sept. 4.—Women were arrayed against women in the copper strike situation today. Wives of non-unionists escort their husbands to and from work to repel attacks by the wives of strikers.

The streets are patrolled by militia, but there is no trouble.
